

Close shackle security and individual service from ABUS

90RK/50 TITALIUM™

Operation and use

- Securing valuables/goods of greater value or at a high risk of theft
- Ideal for use in severe weather conditions (e.g. in coastal regions or port areas, to secure goods on vehicles and boats in outdoor use)

Technology and features

- Solid lock body made from TITALIUM™ aluminium alloy - high security with low weight
- Shackle made from high quality stainless steel, double bolted: high resistance against pulling and torsion
- With integrated shackle guard to protect against bolt cutter attacks
- Extreme corrosion resistance
- Precision pin cylinder
- Cylinder can be exchanged
- Key retaining: key is needed for locking (lock retains key until locked)

Variants

- Sizes: 50mm
