

Diskus® 241B

Operation and use

- To secure valuables / goods of greater value or at a high risk of theft
- Ideal for use in severe weather conditions (e.g. in coastal regions or ports)
- To secure lorries, doors, gates, cellar doors, cupboards etc.
- Ideally used with ABUS Diskus® hasp No. 140: virtually impossible to attack shackle

Technology and features

- Body, inner parts and shackle made from stainless steel for extreme corrosion resistance
- Cylinder cover - maximum protection against dirt and moisture (60 and 70 mm)
- Cylinder nickel plated for enhanced corrosion resistance
- Original Diskus® design: 360° protection
- Additional protection against sawing
- Sophisticated Diskus® welded seam for highest break resistance
- Precision pin tumbler cylinder with anti-pick pins
- Key retaining: locking only with the key (lock retains key until locked)
- Made in Germany

Variants

- Sizes: 50, 60, 70 mm
