

Diskus® 24IB ECOLUTION™

Operation and use

- To secure goods of higher value or at a high risk of theft
- Ideal for use in severe weather conditions (e.g. in coastal regions, to secure goods on vehicles and boats in outdoor use)
- To secure e.g. lorries, doors, gates, sheds, cellars, wardrobes, etc.
- Ideal in combination with the ABUS Diskus Hasp 140, shackle cannot be accessed with tools

Technology and features

- Ecolution: Environmental compatible, sustainable products thanks to high-quality, highly durable materials and coatings, innovative technology and non-toxic lubricants
- Body, inner components and shackle completely made from stainless steel for extreme corrosion resistance
- Cylinder cover - maximum protection against dirt and splash water
- Nickel plated cylinder for optimum weather resistance
- Original Diskus® design: 360° protected
- Additional protection against sawing
- Sophisticated Diskus® welded seam for highest break resistance
- Precision pin cylinder with anti-pick pins
- Key retaining: locking only with the key (lock retains key until locked)
- Made in Germany

Variants

- Size: 70 mm
